* Abrasion Resistance / Suggested Applications

Applications
- All Romancing the Stone compressed stone inserts, listelli and liners are recommended for use in residential/light commercial, interior wall applications.
- Romancing the Stone is not recommended for use on countertops.
- Romancing the Stone can be installed and used in wet areas such as backsplashes, bathroom walls and showers. This collection is not recommended for use in swimming pools.
- Romancing the Stone is not recommended in areas where temperatures rise above 242 °F.
- Romancing the Stone should be installed a minimum of 2½” from direct flames.

Care and Maintenance
- Clean regularly with clear water and/or neutral (soapless) cleaner, wipe dry with soft cloth.
- Do not use sandpaper, steel wool, scouring pads or any other abrasive materials.

Installation Instructions
- Install using a Polymer based adhesive (Liquid latex/polymer reinforced high quality Portland cement grout, water cleanable epoxy grout etc.).
- Follow adhesive manufacturer’s instructions for preparation, application and clean up.
- It is recommended to cover the tiles upper surface with painters tape prior to grouting for easier clean up.
- Residue should be removed immediately after grouting.
- If tile requires cutting, apply protective varnish to the cut side. Wait 24 hours to allow curing prior to installing and grouting the application.
