* Available in Matte finish, used for all finishes
 ** Due to size fluctuation, all measurements given are nominal. Where strict accuracy is required, please refer to actual tile samples.

ASTM Test Results

Technical Characteristics	ASTM Standards	ASTM Test Results Matte	ASTM Test Methods
Water Absorption	7.0 % to 20%	7.5 %	C 373
Frost Resistance	As Reported	Not Resistant	C 1026
Scratch Resistance	MOHS 1-10	5.5	MOHS Scale
Breaking Strength	≥125 lbf.	≥ 185 lbf.	C 648
Facial Dimension	-2.0% < Nominal ≤ 2.0%	Within Standard	C 499
Nominal Thickness	≤ 0.03 in (0.79 mm max)	Within Standard	C 499
Wedging (squareness)	≤ 0.40% or +/- 1.3 mm**	Within Standard	C 502
Warpage Edge (flatness)	-0.3% < Any Edge ≤ 0.4% or - 1.0 mm/ 1.3 mm**	Within Standard	C 485
Abrasion Resistance	Class 0 - Class V	Class II*	C 1027
Dry Coefficient of Friction	As Reported	N/A	C 1028
Wet Coefficient of Friction	As Reported	N/A	C 1028
Chemical Resistance	Class A - Class E	Class B	C 650
Stain Resistance	Class A - Class E	Class A	C 1378

* Abrasion Resistance / Suggested Applications
 Class II tile in this class may withstand soft-soled and some normal foot traffic provided the dirt and/or other abrasives are kept to a minimum. Class II tile should not be used in areas with direct access to the outside, large amounts of foot traffic, or areas exposed to abnormal footwear.
 ** Whichever is less
 *** Wet C.O.F. less than 0.60. Check local building codes for C.O.F. compliance prior to installation.

CITTÁ

SistemC
 Glazed Ceramic Wall Tile

CITTA's expansive color spectrum ranges from the quietest of neutrals to very vibrant primaries, setting the stage for all-out personalized interior walls. The streamlined narrow rectangle shape immediately attracts attention as a wallscape material that is outside the norm. This exciting new format is such a welcome deviation from smaller, mundane wall tile sizes and shapes.

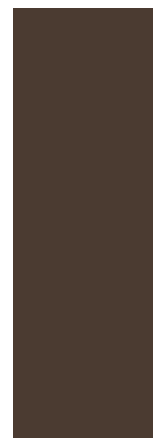

The array of 15 colors contained in CITTA's matte palette integrates smoothly with other elements in the Marazzi Architectural program, facilitating high levels of design flexibility. All feature accompanying bull nose trim, plus 13 are also available in three-dimensional decorative inserts that can either stand-alone or integrate with field tile to generate eye-catching patterns.

CITTA can instantly revitalize a reception area wall, bar backsplash, dining area fireplace or tub and spa surround. Use it as the single tile element in a room or, better yet, in correlation with compatible Marazzi Architectural porcelain collections to maximize the benefits of low life cycle cost, ease of maintenance, sustainable contributions and intelligent design.
